INTERNATIONAL ISOTOPES INC. ANNOUNCES THE ACQUISITION OF THE AMICI INC. PRODUCT LINE

The Products Include All Molds, Manufacturing, And Registration Rights To AMICI's Leading Products, Including The "Swirler nebulizer", "Swirler Aerosol System", "UltraShield", and "Tru-Fit" Mouth Piece

IDAHO FALLS, IDAHO, June 21, 2023. International Isotopes Inc. (OTCQB: INIS) ("International Isotopes," "INIS" or the "Company") is pleased to announce that it has acquired the manufacturing molds, device registrations, trademarks, and all production rights to the AMICI Inc. line of products. AMICI Inc. had been a leading manufacturer and distributor of diagnostic and therapeutic products for Lung Ventilation, including masks, mouthpieces, bacteria/virus filters, absorbents, and the Swirler Nebulizer, and the revolutionary Swirler Aerosol System. This acquisition will further compliment the Company's RadQual business line of medicine related product offerings.

Shahe Bagerdjian, President of INIS commented, "We're excited to be able to revive such a well established and trusted line of medical devices and I'd like to thank AMICI and Michael Bono, President of AMICI, for entrusting INIS to carry on his legacy and continue to serve the Medicine community. There's a lot of overlap in distributors and customers for both our RadQual product line and the Swirler and Tru-Fit products; and we're looking forward to a smooth integration."

Mike Bono, President and Owner of AMICI Inc. commented, "As I enter the retirement phase of my life it is gratifying for me to know that the technology and medical device, I devoted my career developing is in the hands of a company worthy of continuing my work and serving the patients and medical community that will benefit from this technology."

About International Isotopes Inc.

International Isotopes Inc. supplies sodium iodide I-131 as an FDA approved generic drug product and manufactures a full range of nuclear medicine calibration and reference standards. The Company also provides cobalt-60 products for medical and industrial applications.
